

## Map Legend

Catholic Church location

Circle meeting venue location

Indicates churches grouped within a Parish

## About the Map

The map is available on the Province 17 website under the Parishes menu or can be viewed directly at this link <https://p17catenians.org/parishes-of-province-17-manchester/>

The map has been created as a Google map and has all the usual Google navigation features in the bottom right corner. The directions panel has been removed for clarity.

## Viewing the Map

The map opens in Page view and can be toggled to Full Screen view using the  icon in the top right corner.

The Churches are shown as red pins  and the Circle meeting places as purple markers  containing the Circle number.

The red lines between pins are where churches are linked together under one parish priest.

As you hover over the map shaded areas will appear where the churches are grouped into Circle boundaries.

In the top right corner there is a drop down menu where you can apply a filter to display only the churches within a Circle boundary.

There are also churches designated as Unallocated to a Circle.

## Information Panels

If you click on a red pin it will bring up an Info Panel which gives more information on the church including Mass times, the name of the parish priest and a link to the parish website.

## Mass Times

The map may also be used to search for Mass times.

So for example if you wanted to go to a 17:30 vigil Mass on a Saturday, just type 17:30 into the Mass times Saturday box above the map and the map will display all the churches with a 17:30 Mass.
