
Obituary - Maurice Gayer

Maurice was a founder member of Knutsford Circle but had previously been President and Treasurer of 47 Circle in Manchester. He never allowed brothers to forget it and was constantly teased about it.

He was a standard setter Of the first order with a voice and initial impact of a Major General. He was stocky in build, immaculately groomed, with deep brown eyes behind horn rimmed spectacles; you always knew when he walked into a room.

Maurice was the managing Director of a Manchester import firm with much business in Holland.

He married Geraldine in Ireland soon after the war and they lived in Wilmslow for twenty five years.

On his retirement, they moved to Bournemouth but sadly, after a few months, Maurice had a stroke and died n 1979.

He will be remembered as a positive and contributing member of the Circle and the Province and those who came to know him well, were able to appreciate what a warm, loving and considerate man he was.

MAY HE REST IN PEACE
